FLUX

The perfect position - in every situation.

FLUX optimally adapts to your body height: Adjustable grip bar variations.

Height-adjustable grip bars make it easy to adjust to different body heights. The grip bar with universal grips (optional) allows an adjustment of the grip width.

Height adjustment.

Vertical adjustment.

Horizontal adjustment.

Adjustable grip width.

Stepless height adjustment. Safety aspect: Free-wheeling system.

Free-wheeling system sizes 1 & 2.

Free-wheeling system size 3.

Free-wheeling system size 4.

Safety aspect: Free-wheeling system.

Innovative and reliable reverse-roll locks ensure your safety and prevent unintended backward-rolling of your **FLUX**.

FLUX

A selection of options.

Anti-tips without wheels.

Anti-tips with wheels.

Dynamic hip control.

Swivel lock.

Seat folded down.

Seat folded up.

Safety aspect: Anti-tips. Dynamic hip control and resting seat.

The sturdy anti-tips keep you safe and prevent your **FLUX** from tipping over.

Anti-tips with or without wheels is available for all sizes.

The hip control is multidirectionally adjustable and the hip belt offers additional support while walking.

The seat can be easily folded up or down according to your needs.

The proven walking aid in a new design.
